Pool Route Maintenance Options

Please choose your maintenance plan:

Weekly pool maintenance = 1 visit every week, billed monthly @ \$220.00. This includes the following services (as needed): **skimming pool surface, brushing & vacuuming pool, emptying skimmer basket(s), backwash sand filter and chemically balance water (chemicals not included in price).**

Bi-weekly pool maintenance = 1 visit every other week @ \$90.00 per visit, billed monthly. This includes the following services (as needed): **skimming pool surface, brushing & vacuuming pool, emptying skimmer basket(s), backwash sand filter and balance water (chemicals not included in price).**

Once a month service = 1 visit per month @ \$60.00, billed monthly. This includes the following services (as needed): **emptying skimmer basket(s), balance water, and check equipment (chemicals not included in price).**

Vacation maintenance/Temporary = 1 visit every week @ \$85.00 per visit, billed monthly. This includes the following services (as needed): **skimming pool surface, brushing & vacuuming pool, emptying skimmer basket(s), backwash sand filter and balance water (chemicals not included in price).**

***These services are provided to assist you in keeping your pool/spa clean and sanitized. We will leave a door tag each visit letting you know of our visit.**

During winter an additional \$25.00 excessive leaf removal fee may apply.

****Rates may fluctuate over time. You will be notified ahead of time of any rate change.**

Additionally, if our pool route technician discovers a mechanical issue, he can repair without contact if under \$150.00, if over \$150.00 he will contact our service department which will notify you, the customer. With your signature you consent to the terms above.

• The homeowner is responsible for maintaining the water level in the swimming pool/spa.

Water level should be kept at mid-skimmer level for systems to operate correctly. If water level is **not** where it should be, our technicians have been instructed to turn off the equipment to avoid further damage to equipment and return on the next scheduled pool maintenance visit. Equipment will become damaged if it is allowed to run without water running through and if the water level is too low our technicians are not able to perform their duties (i.e., vacuuming).

Technicians have been instructed not to add water for fear over filling with homeowner away and unable to turn off the water, therefore, water level is the homeowner's responsibility.

Billing requirements: Credit Card to be kept on file and billed monthly

Credit card #: _____ Expiration date: _____ CVC #: _____ Start date: _____

Termination of Contract: Customer has at his or her sole discretion, the right to terminate this contract upon giving two weeks written notice or e-mail notice to our service department. Anderson Pools, at its sole discretion has the right to terminate this contract if the pool/spa becomes unserviceable and customer fails to authorize the necessary repairs for the pool to be properly maintained.

For the time period outlined above, I authorize Anderson Pools & Spas to perform pool maintenance on my pool/spa. I understand and agree to the payment terms, and guarantee payment as outlined above. This original copy signed by me, or us, for joint accounts, will remain on file as authorization to perform requested pool maintenance services. Please sign to accept/decline our pool maintenance agreement so we can update our records with current information. Thank you!

Signed: _____ Date: _____ Accept _____ Decline _____

*****You can also email the contract and call in the credit card if that's more convenient for you. We will not be able to begin your pool route until/unless we have your credit card on file, along with a signed contract for the season.**
